Attention: Mr. Nabil Attirgi, President

Hi Nabil:

I'd like to take this opportunity to congratulate you and your entire team for the quality and workmanship put into the 4 new CO<sup>2</sup> trailers. Please pass on my thanks to everyone involved in this project, from you, Nadim & Ghislain down to the guys on the floor. Well done!

**The feedback from my drivers is very positive.** The trailers look great, are easy to pull, pump well, the engines start well and run quieter than the old Listers. Overall, the drivers really like them.

We look forward to many years of service from them.

Again, my thanks to all involved for their efforts with this project. We had a couple of challenges along the way, but everyone worked through them in a professional manner.

I look forward to working with you and your group again in the future.

Thanks and take care.
